Val d'Orcia. Siena. Rustic for sale On a hill in the beautiful Val d'Orcia, we propose the sale of this beautiful farm. Imagine going back in time, think of moments of absolute relaxation, isolated from the whole world, with an incredible 360-degree view, surrounded by acres and acres of land and woods. Walking 1 km of white road, crossing a stream and climbing into the middle of the woods you reach the local stone farmhouse dating back to 1800. The property is to be renovated, arranged on two levels, still retains the original features, with the old cellars on the ground floor, rustic and the stables. On the first floor is the house, with a dining room, three bedrooms and two bathrooms. Recovering the rustic environments of the ground floor you can create a large lounge, kitchen and bathroom, thus dedicating the upper floor to the sleeping area, with 4 rooms and related bathrooms. If you are looking for a valuable property, where you can breathe an air of freedom, enjoying a breathtaking panorama on the calanchi of the Val d'Orcia, this is for you. Two sheds and about 90 hectares of land complete the property. Rome 1h 40' Sienna 1h 30' Baths of San Casciano of the Baths 20' Pienza 15' Montepulciano 30'
