The property includes the original fortress tower with the main entrance on the internal courtyard and 3 completely renovated residential units. The main building has 7 bedrooms and 5 bathrooms, while the annex offers an additional apartment with bedroom, living room, kitchen and bathroom. The swimming pool carved into the rock is a unique piece of the property. The total land is 10 hectares, of which 2 hectares are olive groves in production. Ideal both as a private residence and as an investment for tourist rentals. Greve in Chianti is the heart of Chianti, one of Italy's most famous wine regions. Chianti wine is a red wine with controlled denomination of origin (DOCG) produced mainly with Sangiovese grapes, known for its dry and fruity character. Chianti production extends across the Tuscan hills, and Greve in Chianti is considered one of the most representative places to savor and buy this wine.
