one of those postcard places, typical of Pienza and the Val d'Orcia. The private garden is an oasis of peace and tranquility, ideal for spending pleasant moments in the open air. The property for sale includes approximately 6 hectares of land with approximately 600 olive trees and almost one hectare of vineyard. The farmhouse is quite central to the property, located on the top of the hill, and all the land owned is part of the hill on which the building is located. We must point out that: the farmhouse, due to a renovation error, has many cracks in the walls but a technical investigation has already been carried out and the owner will soon start the restoration work, therefore the farmhouse will be sold without damage and painted again. Don't miss the opportunity to purchase this farmhouse in Pienza and enjoy the beauty and tranquility of the Tuscan countryside.
