Farmhouse for sale in Chianti Between Greve in Chianti and Figline Valdarno, on a hilly position among the famous Chianti hills, farmhouse surrounded by nature with depandance and a swimming pool for sale. Covering a total area of about 420 square meters the property is a typical example of Tuscan farmhouse. The villa is spread on two levels and is currently used as a tourist business. On the ground floor we have a living room with fireplace, a kitchen, two double bedrooms, a bathroom and a utility room. Upstairs we find the sleeping area which comprises four bedrooms, two bathrooms and a beautiful panoramic terrace with view of Florence. Internally the property stands out for a classic traditional style, merging traditional elements such as terracotta floors and exposed beams with the best comforts to ensure a stay in total relaxation. All around the property a well maintained plot of over 12 hectares adorned with an olive grove and a vineyard. A beautiful swimming pool with relaxing area has been inserted in the garden to spend pleasant moments in tranquility enjoying the colors and scents that these hills offer. Given its proximity to Florence and the other Tuscan cities, it is proposed as an ideal starting point to combine relaxation and a visit to the cities of art, tasting tours and finally discover the secrets of Chianti.
